

Exceptional Potato Manager - 450 hectares in North Norfolk

Required for a specialist potato enterprise growing irrigated salads, table, processing and seed crops.

This newly created role includes responsibility for:

- Ensuring a healthy and safe working environment.
- Annual production plan to deliver the sales plan.
- Planning and efficient execution of all field, storage and workshop operations.
- Meeting agreed crop financial budgets.

The successful candidate will have:

- Excellent organisational, communication, team leadership and interpersonal skills.
- A track record in practical potato or vegetable production. BASIS and FACTS qualifications and strong IT skills are preferred.
- Attention to detail and a passion for the potato sector.
- A high level of customer and financial awareness.

This is an excellent opportunity for a forward thinking, self-motivated and disciplined individual.

Remuneration will be competitive with potential for a financial interest in the business for the right candidate.

Closing date for applications 18th January 2019
